## The Arctic University of Norway

UiT is a multi-campus research university in Norway and the northernmost university of the world. Our central location in the High North, our broad and diverse research and study portfolio, and our interdisciplinary qualities make us uniquely suited to meet the challenges of the future. At UiT you can explore global issues from a close-up perspective.

Credibility, academic freedom, closeness, creativity and commitment shall be hallmarks of the relationship between our employees, between our employees and our students and between UiT and our partners.

The Faculty of Health Sciences at UiT, The Arctic University of Norway, is a national innovation which brings together a wide range of health-related education pathways. This lays the groundwork for a unique level of interdisciplinarity and innovation in health education and research. We work closely with northern services in order to find solutions for tomorrow's challenges.
