

# Researcher in Neuroscience

## About the University of Oslo

**The University of Oslo** is Norway's oldest and highest ranked educational and research institution, with 28 000 students and 7000 employees. With its broad range of academic disciplines and internationally recognised research communities, UiO is an important contributor to society.

**The Institute of Basic Medical Sciences** pursues education and research to promote basic medical knowledge in order to understand normal processes, provide insight into mechanisms that cause illness, and promote good health.

The IMB has a strategic ambition of being a leading research faculty. Candidates will be selected in accordance with this, and are expected to be in the upper segment of their class with respect to academic credentials.
