- The applicant must hold a master’s degree in System Dynamics. The master’s degree must have been completed by the application deadline
- The requirements are generally a grade B or better on the Master thesis and for the master’s degree in total
- Applicants must be familiar with the system dynamics models developed in the EU H2020 project “CoCreate”
- Applicants must have experience with the design and testing of interactive learning environments
- Applicants must have experience with obesity and public health domains and models
- Experience with EU-funded project will be an advantage
- Proficiency in both written and oral English
- Good administrative and IT-competence
- Result oriented and ability to work systematically
- Good cooperation and communication skills

We can offer:
- A good and professionally challenging working environment
- Salary will be paid annually by NOK 478 300,- gross (Code 17.515/1020).
- Enrolment in the Norwegian Public Service Pension Fund
- Training and good welfare benefits

The application

Application with CV, copies of diplomas, certificates of education and other relevant documents with certified translations into English or a Scandinavian language must be uploaded at Jobbnorge (by the link on this page marked “Apply for this job”.)

Closing date: November 20, 2022. The application must be marked: 2022/16724

Potential candidates will be invited for an interview.

General information:

Additional information about the position is obtainable by contacting Professor Birgit Kopainsky, e-mail birgit.kopainsky@uib.no.

The state labour force shall reflect the diversity of Norwegian society to the greatest extent possible. Age and gender balance among employees is therefore a goal. It is also a goal to recruit people with immigrant backgrounds. People with immigrant backgrounds and people with disabilities are encouraged to apply for the position.
The University of Bergen applies the principle of public access to information when recruiting staff for academic positions. Information about applicants may be made public even if the applicant has asked not to be named on the list of persons who have applied. The applicant must be notified if the request to be omitted is not met.

The successful applicant must comply with the guidelines that apply to the position at all times.

The University of Bergen

The University of Bergen is a renowned educational and research institution, organised into seven faculties and approximately 54 institutes and academic centres. Campus is located in the centre of Bergen with university areas at Nygårdshøyden, Haukeland, Marineholmen, Møllendalsveien and Årstad.
